Aid Awarded to Enrolled Undergraduates

H1 Enter total dollar amounts **awarded** to enrolled full-time and less than full-time degree-seeking undergraduates (**using the same cohort reported in CDS Question B1, "total degree-seeking" undergraduates**) in the following categories. (Note: If the data being reported are final figures for the 2015-2016 academic year (see the next item below), use the 2015-2016 academic year's CDS Question B1 cohort.) Include aid awarded to international students (i.e., those not qualifying for federal aid). **Aid that is non-need-based but that was used to meet need should be reported in the need-based aid column. (For a suggested order of precedence in assigning categories of aid to cover need, see the entry for "non-need-based scholarship or grant aid" on the last page of the definitions section.)**

Indicate the academic year for which data are reported for items H1, H2, H2A, and H6 below:

2016-2017 estimated or 2015-2016 final

H3 Incorporated into H1 above.

Note: These are the graduates and loan types to include and exclude in order to fill out CDS H4 and H5 .

Include: * 2016 undergraduate class: all students who started at your institution as first-time students and received a bachelor's degree between July 1, 2015 and June 30, 2016. * only loans made to students who borrowed while enrolled at your institution. * co-signed loans.

Exclude: * students who transferred in. * money borrowed at other institutions. * parent loans * students who did not graduate or who graduated with another degree or certificate (but no bachelor's degree)

H4

Provide the number of students in the 2016 undergraduate class who started at your institution as first-time students and received a bachelor's degree between July 1, 2015 and June 30, 2016. Exclude students who transferred into your institution.

#

H5 Number and percent of students in class (defined in H4 above) borrowing from federal, non-federal, and any loan sources, and the average (or mean) amount borrowed. NOTE: The "Average per-undergraduate-borrower cumulative principal borrowed," is designed to provide better information about student borrowing from federal and nonfederal (institutional, state, commercial) sources. The numbers, percentages, and averages for each row should be based only on the loan source specified for the particular row. For example, the federal loans average (row b) should only be the cumulative average of federal loans and the private loans average (row e) should only be the cumulative average of private loans.

	Number in the class (defined in H4 above) who borrowed from the types of loans specified in the first column	Percent of the class (defined above) who borrowed from the types of loans specified in the first column (nearest 1%)	Average per-undergraduate-borrower cumulative principal borrowed from the types of loans in the first column (nearest \$1)
